The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

1. This is a Condominium Project that should not be confused with a subdivision. A purchaser of a Unit will be conveyed a Unit together with an "undivided" percentage interest in the Common Elements of the Project. The entire parcel of land upon which the Project is situated is designated as a Common Element. The portion of the Common Element that each purchaser has the exclusive right to use is called a Limited Common Element. The land under and surrounding each Unit, as shown on the Condominium Map, is designated as a Limited Common Element and does not represent a legally subdivided lot. The dotted lines on the Condominium Map bounding the Limited Common Elements and the designated number of acres in each Limited Common Element land area are for illustrative purposes only and should not be construed to be the property lines of legally divided lots.
2. Unit 2 is a "spatial unit" consisting of a cube of air space that is bounded by the metes and bounds descriptions set forth in the Declaration as the horizontal boundaries and the elevations above the finished grade set forth in the Condominium Map as the vertical boundaries. It is anticipated that this spatial unit will be replaced by a single-family residence in accordance with Paragraph N of the Declaration. Prospective purchasers are advised that the location of the spatial cube as depicted on the Condominium Map is not necessarily a representation as to where a residential structure can or will be built and/or the size or layout of such structure. Pursuant to Paragraph N of the Declaration, any new residential structure must be built in accordance with applicable City and County building, zoning laws and ordinances (including, but not limited to setback requirements) and applicable State law. Prospective purchasers are cautioned to review carefully the condominium documents referenced in this report for further information with regard to the foregoing.
3. A purchaser of a Unit 2 shall be responsible for constructing any vertical improvements within such Unit at its sole cost and expense.
4. Access and utility rights in favor of the Project over an adjacent driveway lot (Lot 3-B-4-A) to Kalanianaʻole Highway is provided pursuant to that certain Grant of Access and Utility Easement dated May 23, 2011 by and between Gregg R. Kashiwa, as Successor Trustee of the Shiro Kashiwa Trust and Gregg R. Kashiwa, as Successor Trustee of the Mildred A. Kashiwa Trust and the Association of Unit Owners of 5375 & 5375-A Kalanianaʻole Highway, filed in the Office of the Assistant Registrar of the Land Court of the State of Hawaii as Document No. 4075109.
5. Issuance of an effective date for a Developer's Public Report does not constitute approval of the project by the Real Estate Commission, or any other government agency, nor does it ensure that all applicable County codes, ordinances and subdivision requirements have been complied with.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

3.4 House Rules

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

Are Proposed	<input checked="" type="checkbox"/>	
Have Been Adopted and Date of Adoption	<input type="checkbox"/>	
Developer does not plan to adopt House Rules	<input type="checkbox"/>	

3.5 Changes to the Condominium Documents

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Map are effective only if they are duly adopted and recorded. Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.
--

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

<input type="checkbox"/>	The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project. <i>If the box to the left is checked, Section 5.6.2, which follows below, will not be applicable to the project.</i>
--------------------------	--

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):	
<input type="checkbox"/>	For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or
<input type="checkbox"/>	For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

Box A <input type="checkbox"/>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
--	---

Box B <input type="checkbox"/>	<p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.7 Rights Under the Sales Contract

Before signing the sales contract prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

- (1) The purchaser has signed the sales contract.
- (2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.
- (3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.
- (4) The purchaser does at least one of the following:
 - (a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

(b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or

(c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

EXHIBIT A
BOUNDARIES OF UNITS

Unit 1

Unit 1 consists of an existing dwelling with 3 bedrooms, 3 bathrooms with a net living area of approximately 2,134 square feet and a detached garage. Unit 1 shall be deemed to include the perimeter walls and any doors, windows, floors, roofs, concrete footings, slab foundations, garages or other Improvements now existing or hereafter constructed on or within the appurtenant Limited Common Elements.

Notwithstanding the areas set forth in **Exhibit B** of the Declaration and the manner in which such areas are measured, Unit 1 shall not be deemed to include any pipes, cables, conduits, chutes, flues, ducts, wires, vents, shafts, or other utility or service lines or any other fixture running through or otherwise located within such Unit which are utilized for or serve more than one Unit, all of which are deemed Common Elements.

Notwithstanding the limits of Unit 1 and each Owner's rights to make alterations to the Unit, within the Unit or to modify the Unit as provided in Section N (Alteration of Project) or in any other section of the Declaration, any Improvements installed within the Unit must comply with all zoning and building ordinances and codes and all applicable permitting requirements adopted by the City and County of Honolulu, and it may not be possible to install buildings or other improvements within the entire space within the Unit. Such improvements may include an "ohana" unit as that is defined by the City and County of Honolulu Zoning Code. The right to secure the building permit(s) for and construct said Improvements vests solely with the Owner of the Unit, and the costs and expenses of any such future construction shall be borne solely by such Owner of Unit 1. The right of Unit 1 to construct an "ohana" dwelling cannot be restricted, in any manner, except by a vote of one hundred percent (100%) of the Unit Owners, provided, however, the Improvements shall comply with all codes as set forth above. There is an existing structure in Unit 1 makai of the first existing dwelling which extends into the Unit 2 which will be torn down.

Subject to the provisions of Article N (Alteration of Project) and in any other section of the Declaration, the approximate net floor areas set forth in **Exhibit B** of the Declaration are based on measurements taken from the interior surface of the perimeter walls of Unit 1. All floor areas set forth in **Exhibit B** of the Declaration are not exact but are approximations based on the floor plans of the Unit.

Unit 2

Unit 2 includes no structures and consists of the spatial area within the Limited Common Area appurtenant to Unit 2 as shown on the Condominium Map. The lower boundary of Unit 2 consists of an invisible horizontal plane at grade and consists of the area as depicted on the Condominium Map. The upper boundary of Unit 2 consists of an invisible horizontal plane at that height above the lower boundary of the Unit, as depicted on the Condominium Map. The sides of each Unit consist of invisible vertical planes perpendicular to the upper boundary of Unit 2 and the lower boundary of the Unit, as depicted on the Condominium Map.

Unit 2 shall each include and contain all of the space within the upper boundary, lower boundary and sides of the Unit, as shown on the Condominium Map. The perimeter of the Unit at grade is more particularly depicted on the Condominium Map.

Without limiting the generality of the foregoing, Unit 2 shall include the building or buildings located within the Unit, any other Improvements located or installed within the Unit, and any parking stalls located within the Unit. Any Improvements that exist below grade shall be deemed to be a part of the Unit to which the land area in which such Improvements are located is appurtenant as a Limited Common Element.

Notwithstanding the areas set forth in **Exhibit B** of the Declaration and the manner in which such areas are measured, the respective Units shall not be deemed to include any pipes, cables, conduits, chutes, flues, ducts, wires, vents, shafts, or other utility or service lines or any other fixture running through or otherwise located within such Unit which are utilized for or serve more than one Unit, all of which are deemed Common Elements.

Notwithstanding the limits of Unit 2 and each Owner's rights to make alterations to the Unit, within the Unit or to modify the Unit as provided in Section N (Alteration of Project) or in any other section of the Declaration, any Improvements

installed within the Unit must comply with all zoning and building ordinances and codes and all applicable permitting requirements adopted by the City and County of Honolulu, and it may not be possible to install buildings or other improvements within the entire space within the Unit. No more than one (1) dwelling may be constructed upon or within Unit 2 and/or its appurtenant Limited Common Element, whether constructed pursuant to a regular residential dwelling building permit, "ohana" permit, or otherwise. The right to secure the building permit(s) for and construct said improvements vests solely with the Owner of the Unit 2, and the costs and expenses of any such future construction shall be borne solely by such Owner.

Subject to the provisions of Article N (Alteration of Project) and in any other section of the Declaration, the approximate net floor areas set forth in **Exhibit B** of the Declaration are based on measurements taken from the interior surface of the imaginary vertical planes which consists of the perimeter walls of Unit 2. All floor areas set forth in **Exhibit B** of the Declaration are not exact but are approximations based on the floor plans of each Unit.

SUMMARY OF ESCROW AGREEMENT

A copy of the executed Escrow Agreement for the Project between Title Guaranty Escrow Services, Inc. ("Escrow") and Developer has been filed with the Commission. The Escrow Agreement provides for the deposit of the funds of a purchaser of the Condominium Unit (a "Purchaser") pursuant to the Sales Contract and also provides for the retention or disbursement of the funds. The Escrow Agreement specifically permits the disbursement of Purchaser's funds under a Sales Contract prior to closing, subject to certain conditions, including the Developer's satisfaction of the requirements set forth in HRS § 514B-92 or § 514B-93, to pay for certain Project costs, including costs of constructing the Project's buildings, fixtures and other improvements, Developer's architectural, engineering, finance and legal fees, and other incidental expenses of the Project (excluding marketing expenses and brokerage fees relating to the sales of units).

In the event that Hawaii Revised Statutes Chapter 514B entitles a Purchaser to a refund of Purchaser's Deposits held by Escrow, Escrow, upon instruction from Purchaser, will refund Purchaser's deposits.

Purchasers will compensate Escrow based on each unit bought in the Project. Escrow can arrange for the issuance of title insurance policies. A fee schedule is contained in the Escrow Agreement which purchasers may review.

By law the total amount of such cancellation fees shall not exceed Two Hundred Fifty and No/100 Dollars (\$250.00) after the time the Sales Contract becomes effective. Under the Escrow Agreement, no disbursement of funds can be made to Developer until the Sales Contract becomes effective under the provisions of Chapter 514B, Hawaii Revised Statutes.

It is incumbent upon a prospective Purchaser to read the executed Escrow Agreement with care.

Dear Mr. Triantos:

Subject: Condominium Conversion Project
5375 and 5375 A Kalanianaʻole Hwy
Tax Map Key: 3-6-003: 008

This is in response to your letter dated April 8, 2008, requesting verification that the structures on the above-referenced property met all applicable code requirements at the time of construction.

Investigation revealed that the two (2) one-story single-family detached dwellings with four (4) all-weather-surface off-street parking space met all applicable code requirements when they were constructed in 1952, and 1999, on this 23,000-square-foot R-10 Residential-District-zoned lot.

For your information, the Department of Planning and Permitting cannot determine all legal nonconforming uses or structures as a result of the adoption or amendment of any ordinances or codes.

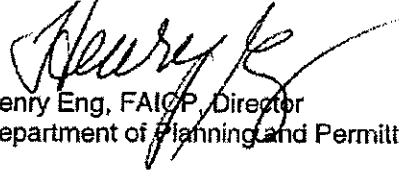

No variances or other permits were granted to allow deviation from any applicable codes.

Conversion to a condominium property regime (CPR) is not recognized by the City and County as an approved subdivision. CPR delineates ownership; it does not create a separate lot of record for subdivision and zoning purposes.
